

How to enroll in GotSport for participation in WSSL

1. WSSL teams will now be enrolled team-by-team via the Club in GotSport. Your club should first be affiliated with MSYSA to be able to access WSSL events.

To register teams into WSSL, first navigate to your Club Management dashboard (below) and select 'Registration' (or from the menu tab, Club Management > My Teams > Registration).

2. Locate the WSSL event. You will enroll teams via the Application Form button. The process is the same for both WSSL recreational + select events.

- The Application Form will open a new window that requires the team to be selected either from the 'My Teams' window or via searching to find the desired team. Once you have located your desired team, select 'Register'.

The screenshot shows the application form interface for the Western Suburban Soccer League (WSSL) -TEST. At the top, there is a header with the league logo, name, and contact information. Below this, a table displays event details: Competition (WSSL and MYSA Registration), Event (WSSL -TEST), Seasonal Year (21/22), and Dates (09/01/21 - 06/30/22). The main content area is divided into two sections: 'My Teams' and 'Search Teams'. The 'My Teams' section indicates that the user is not currently a manager or coach for any teams. The 'Search Teams' section provides a search interface with fields for Team Name, Club, Gender, and Event Age, along with a Search button.
